Dear ISA member

In this forthcoming scientific session meeting scheduled on 21-01-2017 to be held at Hotel Savera we are activating our website <http://www.isachennaicity.in>

This website will provide a bigger platform for us to have scientific discussions, to get expert opinion and will also help as a communication tool. We are forming an expert committee on various sub-specialities of anaesthesiology in the aim of providing standard replies.

It is a major concern for us that the eligible voter strength of Chennai city branch ISA is only 272 compared to 800+ registered members of Chennai with National ISA.

As one of the measures to increase 'ACTIVE' status of ISA registered members in ISA website, we are providing a separate booth in the venue with internet facility where the member can check their status in ISA national website (Active/Inactive) and update their profile (kindly bring soft copies of MBBS, M.D, D.A, AADHAR CARD, RATION CARD). We will do the uploading of details in venue site itself.

We request you to use this facility and strengthen Chennai city branch ISA.

We expect your participation in the scientific session and in the launch of our website, to make this event a grand success.

Thank you

Dr.N.Basker  
Secretary  
ISA  
Chennai City Branch.
